## PERFECT PLAY

### Race 7: #6 Somethingscandalous

A beaten favorite in his last, this filly should make amends with this crew. The 52 Beyer she earned in her last is 13 points higher than the next highest last-out figure in the field. Should win with little, if any, improvement.

## PRICE PLAY

### Race 6: #2 Andrew the Bull

Five year old gelding makes a surface change after failing to get the job done as the favorite in his last. He should have the speed to sit close at 6 ½F, and has the ability to pass horses. Getting progressively more difficult to trust as the losses add up, but he's in with his friends here.
