PERFECT PLAY

Race 4: #3 Corfu Lady

Four year old filly has set the pace in nearly every career start and should face little to no early pressure against this field. She has only 1 start this year, but her weekly works on the farm should have her fit enough for the return. She has never run for a tag this low. Single.

Race 7: #6 Mancora

The only filly in the field who has crossed the wire in front twice, when DQ'd back in January. She rarely runs a bad race and has speed to be well positioned. Perfect spot for her to take on winner's for the first time.
