Horsemen are reminded that management requires ALL horsemen entering and running horses at Tampa Bay Downs to have current Workmen's Compensation Insurance on file at the security office. A current negative Coggins Test must be on file in the Racing Secretary's Office for all horses stabled and/or competing at Tampa Bay Downs, Inc. All horses must be vaccinated against Equine Herpes Type 1 (EHV-1) between 14 and 180 days prior to arrival. In addition, Health Certificates shall remain on file at the stable gate. A "Race & Go" again is just that. Check-in by 10:00 A.M. to the stall(s) assigned to you. If someone is in your stall - contact the Stallman; do not help yourself to another stall. Being in a stall not assigned to you could result in your horse being scratched, as from time to time the Stewards, State, track Vets, or Clocker may have need to contact you. Once your horse has raced and cooled out you are expected to leave the grounds.

If for any reason your horse is unable to leave after training or racing contact the Stallman or Stable Gate.

Anyone not permanently stabled at Tampa Bay Downs will use the stall assignment issued at the Stable Gate upon arrival. All "Race & Go" horses must be recorded with the stall office, no exceptions; Work and Go Stalls, are in Barn 30, select any empty stalls 75 through 85.

Cornell™ Collar Procedures

The trainer must submit a letter to the Stewards from a licensed Florida veterinarian stating the use of the Cornell™ collar is justified and appropriate for use on the horse in question. The trainer shall be responsible for the proper placement of the Cornell™ collar.

Use of the Cornell™ collar must be declared at the time of entry for that race.

Once a horse races with the Cornell™ collar, it must continue to race with this equipment unless the attending Florida licensed veterinarian submits a letter to the Stewards stating that use of the Cornell™ collar is no longer appropriate for that horse.

Only authentic Cornell™ collars will be approved for such use. No knock-offs or substandard/home-made equipment will be allowed for use.

Once a horse has had the equipment approved, and if at some later date that equipment is no longer appropriate, then use of the Cornell™ collar is prohibited. However, if the horse in question has a different trainer, they may re-certify the horse following the initial procedures outlined herein.

CONDITION ELIGIBILITY PREFERENCE

In turf races where the condition eligibility applies, horses which have started for a claiming price of less than \$16,000 shall not be eligible for this preference unless they have thereafter finished first, second, third or fourth for \$16,000 or above.
